Croydon Libraries-consultation - see message below

"Thank you for taking the time to share your views and ideas for the service. Your feedback has helped us work through all of the options available to achieve the savings needed for 2022/23, while maintaining a statutory library service.

Following a meeting of our council's cabinet where it was agreed to start the second phase of public consultation on proposed changes to the service, we now want to hear people's views on the following options developed to make the £500,000 savings target outlined in detail in the [cabinet paper](#).

- Reduce service hours by 21% across the borough
- Outsource all libraries
- Hybrid – reduction in service hours (two days per week) to eight libraries and five community run libraries

You can find more [details for each of these options](#)
